

## OREGON MANUFACTURED HOUSING ASSOCIATION

2255 State Street ~ Salem, OR 97301

(503) 364-2470 FAX (503) 371-7374

Dear Potential OMHA Member:

The Oregon Manufactured Housing Association is a non-profit association of dealers, manufacturers, suppliers, lenders, and others who have joined together to promote the manufactured housing industry. For the benefits we offer, you can't afford not to join OMHA.

- **GOVERNMENT RELATIONS:** OMHA advocates before the Oregon Legislature for passage of legislation that promotes housing and the business community. We work with a variety of state agencies including Building Codes Division, Contractors Board, Department of Transportation, and Banking Division to monitor regulations and rules that may impact our industry. We are the voice of the industry in Oregon.
- **ASSISTANCE TO MEMBERS:** Assistance is available in many areas such as land use, zoning, transportation rules, construction standards and other regulatory issues affecting our industry. Members interested in participating in Home Shows also have financial assistance available to them, and OMHA provides scholarships for college.
- **THE OUTLOOK:** Our newsletter is published quarterly and contains information on industry activities, zoning and land use issues, legislation that affects the manufactured housing industry, and other news items designed to keep our members up to date and well informed.
- **DATA:** OMHA gathers and disseminates data on homes and floors produced by Oregon manufacturers, as well as a national comparison on a monthly basis.
- **EVENTS:** OMHA is actively working to provide educational event opportunities as well as networking opportunities. The OMHA Golf Tournament has been a great success and wonderful opportunity for networking within the industry. The Association has held an Annual Meeting the past two years in the fall with educational training opportunities, a presentation from an Oregon Governor Candidate and election of the incoming board. This year staff will continue to look for informative and fun options to offer our members at this event. OMHA is also looking at opportunities for members to get involved in local fairs and events for Home Shows.
- **DIRECTORY/BUYERS GUIDE:** OMHA collects contact information from members each year and provides a resource for both members and consumers for the industry. This year the directory will be an electronic publication, with a 5x7 booklet available to those who elect to have their copy printed.

These are just a few of the areas of interest to which you will be entitled when you become a member of OMHA. You will find an application form included with your packet. When you join OMHA, your dues will be one of the best investments you can make: for you, for your company, and for the industry at large.

**DUES, THE RENT YOU PAY FOR YOUR SPACE IN THE INDUSTRY!**

TODAY'S MANUFACTURED HOME...Built for living...Built for life
