omha@omha.com

OMHA Member Supported Programs

- ▶ **GOVERNMENT RELATIONS:** OMHA's Executive Director, Genoa Ingram, advocates in front of the Oregon legislature and state agencies, including the Building Codes Division, Contractors Board, Department of Transportation, and the Banking Division. Ms. Ingram has enjoyed over 30 years in all facets of the legislative process, successfully cultivating and maintaining strong relationships with Oregon lawmakers as well as state officials. OMHA monitors regulations and rules that may impact our industry, while promoting and drafting positive legislation for the housing and business community. We are the voice of the industry in Salem.
- ▶ **ASSISTANCE TO MEMBERS:** Assistance is available in many areas such as land use, zoning, transportation rules, construction standards and other regulatory issues affecting our industry. OMHA maintains an electronic Membership Directory and Buyers Guide that is available to consumers that visit the office or website. Advertising opportunities are available to further promote your company within the Buyers Guide and the newsletter.
- ▶ **THE OUTLOOK:** Our newsletter is published quarterly and contains information on industry activities, zoning and land use issues, legislation that affects the manufactured housing industry and other news designed to keep our members up to date and informed.
- ▶ **DATA:** OMHA gathers and shares data monthly to members. This includes the production report of HUD code homes and floors produced in Oregon, MHI's monthly economic report, and other relevant industry data.
- ▶ **SCHOLARSHIPS:** OMHA's "Making a Difference" Scholarship Program offers up to ten (10) \$2,000 scholarships for students. The mission of the OMHA Scholarship is to provide financial assistance to individuals enrolled to attend college, university or vocational/trade school. Applicants must be an employee of an OMHA Member or an immediate family member of an employee. Stay tuned for 2019 application deadlines.
- ▶ **NETWORKING:** OMHA's Annual Golf Tournament is an excellent networking opportunity. For the second year in a row, the Board of Directors will be choosing a charity to benefit from select proceeds from the Tournament. The OMHA Annual meeting is another great opportunity to network, as well as learn more about the industry from guest speakers.

These are just a few benefits offered to OMHA members. When you renew your OMHA membership for 2019 you allow us to continue providing these benefits. It will be one of the best investments you can make for both yourself and your company.

DUES: THE RENT YOU PAY FOR YOUR SPACE IN THE INDUSTRY!
